Innovative Data Solutions (Pvt) Limited
Level 3, Standard Chartered Bank Building,
245, Dharmapala Mawatha, Colombo 07,
SRI LANKA

TO WHOM IT MAY CONCERN,

Innovative Data Solutions (Pvt) Limited (IDS) is our Authorized reseller for Sri Lanka and India. We have maintained a working relationship with them since January 2005. During that period they have diligently worked to promote sales and provide support for Nomadix in their authorized region.

IDS has demonstrated capabilities in software development, including in the areas of PMS integration as well as customized Billing solutions when providing Hospitality Solutions. The company has developed an effective hotel solution which combined Broadband Power Line Communication (BPLC) and WiFi technologies to build a Hybrid Data Communication network. Nomadix provided a secure Internet Gateway, connecting to a Micros-Fidellio PMS. Nomadix and IDS used this application as a case study and public relations opportunity in the International Media in late 2005.

We are confident that IDS has the commitment and capabilities to plan, build and operate a guest access network for broadband services. As our authorized reseller, we believe that they are a good choice and a solid partner to develop and build a broadband revenue generating network. We will provide IDS with our support to enhance and service the Nomadix customer base in the region.

Sincerely,

Fred Reeder

Director, Worldwide Business Development
Director Of Sales, APAC & EMEA
Nomadix, Inc.
